Education

SIES Graduate School of Technology — Expected 2029
B.Tech in Electronics and Computer Science — *CGPA: 9.4*

Central Railway College — Kalyan (W)
XII (CBSE) — *84.2% | 2024*

Technical Skills

Languages: Python (Intermediate), C (Intermediate), Java (Basic), HTML/CSS/JavaScript (Basic)
Frameworks: FastAPI, Tkinter
Libraries: OpenCV, Pandas, NumPy, Matplotlib, Seaborn
Technologies/Tools: PostgreSQL, MySQL, Figma, Vercel, Render
Core Concepts: Data Structures, Object-Oriented Programming (OOP)

Academic Projects

Aasra: Digital Estate & Financial Closure Assistant | *Python, FastAPI* | GitHub Repo — Sep 2026
- Built a FastAPI backend for family case management that reconstructs a deceased person's financial footprint from uploaded documents (bank statements, SMS screenshots, salary slips) using OCR and rule-based extraction
- Designed an explainable confidence-scoring model (evidence quality, repetition, cross-source verification, identity matching) that ranks assets and liabilities as High, Medium, or Needs Verification, and generates prioritized tasks and claim checklists

Smaraka – Monument Preservation Tool | *OpenCV, Scikit-Image, FastAPI* | GitHub Repo — July 2026
- Built a FastAPI web app that detects six types of damage in heritage monument photos using OpenCV and scikit-image, scores severity, and generates downloadable PDF preservation reports
- Designed a modular detector pipeline and REST API with a monument registry and dashboard, ready for deep learning models to replace the heuristics

Bi_2S_3ense: H_2S Exposure Monitoring | *Python, OpenCV, FastAPI* | In Progress | Prototype — Sep 2026
- Built a responsive web app where workers scan and photograph H_2S colorimetric badges on mobile, and supervisors track exposure trends and alerts on a desktop dashboard
- Designed a simulated colour-analysis pipeline (RGB→LAB, ΔE comparison, lighting and environmental compensation) that estimates cumulative exposure in ppm·h with confidence scores

Position of Responsibility

Technical Coordinator — Aug 2026 – Present
Computer Society of India, SIES GST
- Helped with changes on the society's official website and organized a hackathon event

Editorial Coordinator — Aug 2026 – Present
Institution of Engineers India (IEI), SIES GST
- Prepared event reports, minutes of meetings (MOMs), official speeches and more

Achievements / Hobbies

Smart India Hackathon — Python, DBMS, Figma
Selected among Top 45 teams in Internal Hackathon

Enigma 5.0 Hackathon — National Level
Selected for final round; Top 10 team in our Track

Service Selection Board (SSB), Allahabad — TES Entry
Shortlisted and screened in among top candidates
- Demonstrated leadership, rapid problem-solving, and team coordination during the SSB interview process

Hobbies
Watching and playing sports, reading geopolitics, country-related quizzes
